

## BROOKS FAVORS PLAYGROUNDS!

Selectman John Brooks reversed his previous position against playgrounds, in the Selectman's meeting Monday night. Acting for all the world like a politician getting ready to run for office, Mr. Brooks came out strongly in favor of Playgrounds for the Children of Wilmington.

Mr. Brooks was a member of the board of Selectmen which scuttled the proposed playground for the children of the Boutwell School - an action that has never been explained to this day.

Mr Brooks was the Chairman of the Board when the proposed playground for the North School was also just as mysteriously scuttled.

Wilmington could have received a 50% re-imbusement for the cost of the construction of those two playgrounds, if they had been built along with the schools.

But, for a reason which has never been explained, the idea of playgrounds for children was unable to get past the Board of Selectmen.

Brooks was in his best form, Monday, when he made his proposal. He thought that the children deserved playgrounds - not only the older children, but some thing should be provided for the

younger children too!

Brooks mentioned the Woburn Street School, the Boutwell School and the North School. He wanted playgrounds to be in all parts of Wilmington, and, included in those playgrounds should be items such as 'Jungles' in which the very young set likes to play.

Mr. Brooks was not alone in his charming persuasive voice.

Using the same tone, the motion made by Brooks was promptly seconded by Selectman Lloyd Bender.

Bender waxed just as eloquent. He knew, he said, that someone - maybe it was Sylvania, maybe it was General Electric, had prepared plans for the proper lighting the Tennis Courts, so that the rest-

## READING LIGHT PLANNING RATE REDUCTIONS

The Reading Municipal Light Department is proposing a reduction in the rates to the residential users of Wilmington.

A proposal which has been under discussion for some weeks was approximate a 4% reduction in costs to all residential consumers.

The present residential rates, 5.4¢ per kilowatt hour for the first 50 hours, will be reduced to 5.2¢

The next 150 kilowatt hours will have a corresponding reduction, under the proposed rate, from 3.0¢ to 2.9¢, and all electricity consumed over 200 KWH per month will be reduced from 2.5¢ per KWH to 2.4¢.

Families with a water heater which rates in excess of 250 KWH limited to 7 kwh per gallon of tank capacity is to be cut from 1.3¢ to 1.25¢ under the proposed reduction.

### THE ISSUES ON THE BALLOT

There will be seven questions for the voters of Wilmington on the ballots they mark next Tuesday in the Presidential Elections.

Questions 3, 5, 6 & 7 should be of concern to every voter.

#### Question 3

Question No 3 is an attempt to plug a loophole through which the legislature may pledge the state's credit with a majority vote, while being required to obtain a two-thirds vote on bond issues.

It sounds fine, but there is a possible stinger, one which has not been explained to this paper's knowledge.

If voted what will be the effect on the towns and cities and other state organizations empowered to seek credit?

A town must now have a two-thirds majority in town meeting before it can vote for bonds.

Must the town, in some instances, now also seek the permission of the legislature, by a two thirds vote, instead of a majority, for enabling legislation?

What about the various authorities - the Turnpike Authority, and the Mass. Bay Transportation Authority?

The question sounds fine, but is it wise to vote Yes?

#### Question 5

This is the darling of the League of Women Voters and the Massachusetts Junior Chamber of Commerce. There is no doubt as to their beliefs, nor as to their hard work in behalf of this question.

Voting Yes will tend to make a more efficient governor, everything considered.

Voting Yes will also give him more power to fire non-Civil Service employees. This could possibly be bad - but - how about those temporary employees that one sees sleeping by the road side very summer?

#### Question 6

There are some worthy arguments in favor of voting Yes, on Question 6.

A good legislator is worthy of his hire. The problem is to get a good legislator. Will voting Yes on Question 6 achieve this?

The question would have been better put if the legislators had not been so greedy. They should have made the pay raise effective in 1965 instead of 1963.

#### Question 7

This is the question of bar-rooms, in Wilmington.

Wilmington traditionally (for the past 15 years or so) votes No on the first two parts, and Yes on the third.

This allows the people to have liquor stores, and keeps out the barrooms.

### NEWSPAPER PUBLICITY

The Town Manager and the Chairman of the Board of Selectmen seem to have misconstrued a couple of points, in the current controversy on How to Arrive at a Tax Rate.

In the Baldwin Association meeting of last Thursday the two gentlemen deplored the fact that there was 'newspaper publicity', publicity that they considered bad.

With an honest newspaper it is difficult to have 'bad' publicity. It is not the newspapers who make publicity 'good' or 'bad'.

There is no need to worry when newspapers can report fearlessly and honestly. The time to worry is when newspapers are unable to report - and this has happened in Wilmington.

The reporting of a controversy such as this, accurately (or even inaccurately) will not affect the interest rate that Wilmington has to pay on its bonds, now or in the future.

The bonding companies do not pay attention to 'newspaper' stories - not even in 'big' papers. They are probably totally unaware of the present controversy.

It is being reported in 'small' newspapers only which, it is to be believed, none of the large Boston firms ever see.

But, if one wants an illustration, consider Boston in the 1920s and 1930s.

There was plenty of newspaper stories in the 'big' papers where were much 'worse' in all respects than the present situation in Wilmington.

Yet none of these stories affected the interest rate, in Boston, to any degree.

### A GRACIOUS TOUCH IS NEEDED

It is time for some of the people in the Town Hall to turn around and exercise a little graciousness. Two men asked some questions - and without delving into personalities.

The questions were answered - but there was included a personal attack.

A third man wrote a letter, this time to the Town Crier. Again the letter was devoid of personalities.

Now it seems ( and this could be wrong) that the writer of that letter is to be 'Investigated'. At least that is how things look at the surface.

(Continued on Page 12)

### TM SAYS THERE WAS A 'BOO BOO'

Town Manager Gerald Bouchard, at the meeting of the Baldwin Civic Association, last Thursday, admitted that there was a 'boo-boo' in the figures which he gave to the Finance Committee, last December.

The statement was made at the end of a talk by the Town Manager on fiscal responsibilities, at the meeting which was seeking some light on the questions about the 1964 computations on taxes, raised by Atty Paul Niles and Charles Burt about five weeks ago.

Mr. Bouchard had told the meeting that the Town Manager was the Principal Fiscal Officer of the Town, a statement which he repeated later in the evening. He had assured the audience that his 1964 budget was in full compliance with the Charter, and that he had placed a copy in the town library.

He, Niles and Burt all agreed that there was no question as to the tax rate that was finally established.

They disagreed as to the figures which were presented to the Town Meeting, before the establishment of the tax rate. It was on this disagreement that Bouchard admitted he had made a 'boo-boo'.

The Finance Committee, he said, had not been furnished with the latest information, after he had prepared his budget, early in December.

#### Three Tax Rates

The last question asked was perhaps the most enlightening of the evening, an evening in which many of the 75 to 100 persons present were confused by the many sets of figures being bandied about.

Former Town Manager Joseph F. Courtney asked Chairman Walter L. Hale Jr if it were not true that the participants were, in effect, discussing three tax rates:

1. The first computation, made by TM Bouchard at the time he prepared his original estimate of the budget, in December 1963.

2. The report of the Finance Committee to the annual Town Meeting, in March of 1964, and

3. The third computation, which was the official one, made by the Board of Assessors in July of 1964.

Paul Niles, one of the two men who had first raised the questions, said that the questions of Mr Courtney were correct, and that the original letter, written by him and Burt, was based on the difference between the estimate of the Finance Committee in the annual Town Meeting, and the official computation by the Board of Assessors.

#### Burt's Statements

Charles Burt, during the evening stated that, had the Finance Committee availed themselves of later information from various town records a more accurate Finance Committee estimate would have been presented to the Town Meeting.

He said that he felt it was the Finance Committee's duty to obtain this information from the Town (Page 12)

## NEW TELEPHONE CABLES, GAS MAINS, SIDEWALKS

A number of decisions, some of long range planning and others of more recent vintage, have cumulated in a program whereby more streets of Wilmington have been the subject of construction, during the month of October than for many a year.

The Lowell Gas Company has been putting a gas main down, in Woburn Street, leading north from Lowell Street, to the new homes being built in the MacFarland development, which was formerly the old Eames farm.

For several years now, the homes in this development have been heated by gas, which was kept in a big tank out in the field.

The Selectmen, once, ordered a fence around the tank, and they further ordered that the Lowell Gas company plant vines or flowers so as to hide the fence.

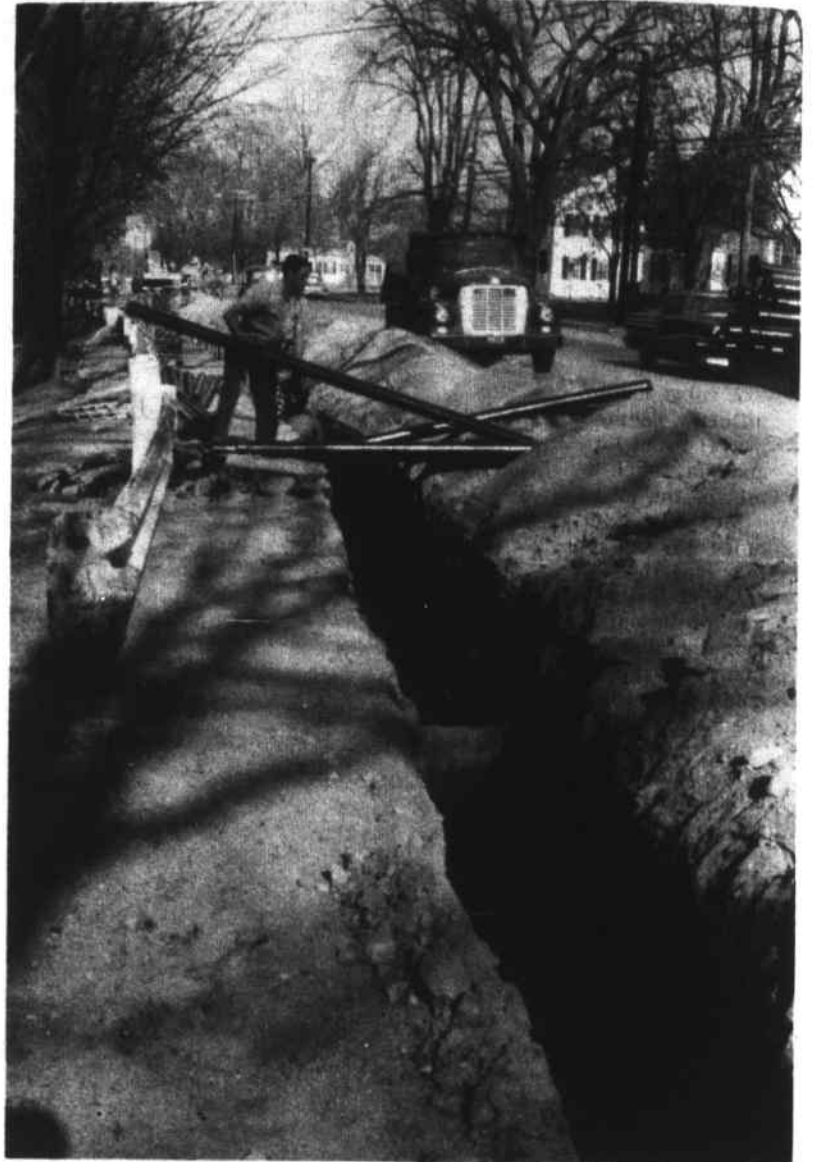

The order was obviously impossible, as it would have been a very difficult task to comply with it - but nothing is impossible to a Selectman when he gets his mind made up!

The gas mains, painted yellow for identification, are now completed on Woburn Street, and are being laid on Lowell Street. The construction crew yesterday was working near Uncle Avco.

A different program is that being carried out by the New England Telephone Company, along Church Street and Middlesex Avenue.

Underground cables are being laid, to connect the new telephone exchange with North Wilmington.

The contractors have been on the job for about a week now. It has been noted by more than one person that they are being very careful not to block the street while they work, and to sweep up all debris at the end of the day's work.

UNDERGROUND CABLES FOR MIDDLESEX AVENUE: Contractor's employees, working in front of the Joseph McMahon residence. They are always careful to keep the street, at the conclusion of each day's work.

ONE HUNDRED FIFTY ONE: Rings were counted, in the stump of the old Oak Tree, which stood on Burlington Avenue near the home of Ruth Byam.

Town employees Roscoe Denault and Ralph Grassia took time to count, in the evening, while putting warning lights into position. Watching is Marge Craik of Wilmington Lawnmower, whose shop is nearby.

Last Friday, for instance, the crew of men were working in front of the Congregational Church and some of the youngsters who attend that church were moaning.

They were planning a 'car-wash' for Saturday, and they could see all hopes of a successful car wash disappearing behind the trenches that were being dug.

But the cable was laid, and the gravel restored that same day. New hot top was put in place, and the area carefully swept. There was nothing to prevent the car-wash, last Saturday, - a car wash which was quite successful.

A third program which has been going on during October has had a more divided opinion, on the part of sundry citizens.

possible sidewalk, and also to widen the street and eliminate curves.

The residents of the area were divided 50-50 in their sentiments. Some of them wanted to keep the trees, - they argued that cutting down trees just inspired auto drivers to step on the gas pedal just a little harder.

Others felt that the trees were a nuisance, and should go. It seemed according to reports that the second group was a minority.

They were threatening to organize a 'march on the Town Hall,' but the march never materialized.

Another tree cutting episode was even more emphatic in reactions.

The town cut a number of oak trees and one venerable pine, along Middlesex Avenue, to make room for a new sidewalk.

The residents of the area were in the main unhappy. They didn't want to see the trees cut down - even if it was for progress, and a new sidewalk.

One of them consulted the statutes, and discovered that there was a \$25 fine for cutting down trees without permission.

He brought the intelligence to the Town Crier office, and was threatening, on his part, to organize a 'march on the town hall'

And again, the march failed to materialize. But there are people who are unhappy. They say it's the Town Manager's fault!

## MORE GRAVEL QUESTIONS AT PLANNING BOARD MEETING

Tuesday night's meeting of the Wilmington Planning Board had a 15 minute discussion, but without a solution, concerning an operation on Aldrich Road which veteran member Danny Gillis thinks is a 'gravel operation'.

The site, beyond Boutwell St., was proposed to the Board of Selectmen two weeks ago as a site for a 53 acre gravel pit, and was dismissed by that board because the area is zoned for residences.

Last week Mrs. Ruth Kitchener of Aldrich Road visited the board to report that removal of gravel was taking place.

A subsequent inspection by town officials seemed to show that only gravel in one lot was being removed and that there was a building permit for the lot.

Mr. Gillis, Tuesday night, had more to say on the subject, and felt that there should be a more detailed investigation. Mr. Gillis was of the opinion that there were more gravel operations going on than met the eye, and that there could be a 'pit' in the interior of the 53 acres of land.

He understood that ownership of the land had recently undergone a transfer.

### Federal Street Houses

The board signed a plan presented by Mr. Angelini of the Hillcrest Realty in North Reading, for seven houselots on Federal Street, between the Maple Meadow Brook and Woburn Street. These lots can be used immediately, as 'no approval is required'. There is an additional 14 acres of land in the property controlled by Hillcrest, and provision was made for two access roads into the area.

### Hamilton Property

An area in North Wilmington, on both sides of Rtes 62 and 93, which had been proposed for Garden Type Apartments, was again under discussion, as the owner, Earl Hamilton of Church Street, had presented his 1953 plan of the area, entitled Colonial Heights, and was seeking information.

Since Route 93 had bisected the land, Mr. Hamilton had a modified plan, which assured maximum use of the remaining land, which is zoned for 10,000 foot lots.

Chairman James Banda requested that both the original plan and the modified plan be left with the Planning Board for further study.

### Don Sleeper Wins

Atty Don Sleeper, armed with two volumes of the General Laws for reference, requested the Planning Board to sign a plan for Land Court proceedings, of the property of Carl & Mabel Fors, on Dorchester Street.

The Burlington attorney and former Selectman had presented a plan of the lot for signature a couple of weeks ago, and had been turned down. The property has 12,500 square feet, and is in a rural zone, which requires 60,000 square feet.

The bone of contention was 'Did this comply with the zoning laws? and Was this held in common ownership prior to the 1955 zoning regulations?'

Atty Sleeper and member Bob Evans, the board 'authority' on 'grandfather' clauses, so-called, discoursed at length on the merits and discrepancies of Chapter 41 of the General Laws and its various sections. Evans commented to Sleeper that 'he was loaded for bear, tonight!'

Atty Sleeper's positive presentation apparently convinced the board, for the signed the plan later that same evening, and without comment.

### Other Items

Sam Snow of Lexington, Planning Consultant, is to meet with the Board of Appeals next week to discuss the role of the board, in the development of Garden Type Apartment Zoning. The planning board plans to attend as spectators, if not as participants.

Town Counsel Philip Buzzell has ruled that ...the petitioner should pay for advertising in relation to any proposed zoning amendment

change.... The Planning Board is liable only if they submit a proposed change. There seems to have been a question in the past, so the Planning Board requested a ruling.

**COUNCIL OF CHURCHES FOR RACIAL EQUALITY**

The members churches of the Wilmington Council of Churches (First Baptist, Wilmington Congregational and Wilmington Methodist) after a fruitful experience of deliberation together, and as individual congregations, have joined to joined enthusiastically in an united witness affirming and insisting on equal rights for all races regarding housing, employment, education and other basic human relationships.

The Church Council adopted a document, reprinted in this issue, which, they say, challenges the community to demonstrate the equality of opportunity in Wilmington

**WILMINGTON COUNCIL  
OF CHURCHES**

We, the Churches represented by the Wilmington Council of Churches, led by the example and precepts of our Lord Jesus Christ, believing that no discrimination because of race, color or national origin should be practiced in our community, resolve to practice the following principles:

**Religious Equality**

We will create awareness within our churches and in our community that these churches seek worshippers and members without regard to race.

The constituent members of the Council of Churches in this community will disregard race and color as factors in determining the acceptability of ministers, student assistants and other persons employed by our churches.

**Open Occupancy (Housing)**

Our churches champion open occupancy through legislation and personal practice, and our members will work in this community to accomplish the following:

1. List houses with real estate dealers who have adopted non-discriminatory practices.
2. Use their influence as Christians and businessmen to the end that mortgage loans will not be denied to any person because of race or color.
3. Organize neighborhood and civic groups dedicated to dealing realistically and openly with racial change in the community.
4. Urge newspapers, the Chamber of Commerce, PTA and ministerial groups to advocate open occupancy.
5. Publicize the fact that property values need not decline as racial change occurs.
6. Encourage real estate brokers to adopt nondiscriminatory practices in sale and rental of housing

7. Introduce and encourage legislation making discrimination illegal in the sale and rent of housing.

**Equal Employment  
Opportunities**

We will enlist out members in working toward employment on merit for all racial minorities: -by urging employers to be open to applicants from minority groups who are qualified, by creating a climate of community opinion in which employment on merit is welcomed and appreciation is expressed to employers who do not discriminate.

**Equal Educational  
Opportunities**

We will cooperate with other agencies in eliminating racial segregation in all forms of education

**Political Equality**

We support the constitutional political rights of all citizens with out regard to race.

**Unrestricted Public  
Accommodations**

We urge our churches to encourage equal rights for all people regardless of race or color when they seek to use any accommodation open to the general public.

**MORSE RECORD  
ATTACKED  
BY ARVANITIS**

Democratic Candidate for Congress George W Arvanitis made a scathing and incisive attack on the voting record of his opponent, F Bradford Morse. Speaking before the Democratic Town Committee of Lexington, Arvanitis charged that Morse's voting record as a 'record of obstruction to the major programs of Presidents Kennedy and Johnson'.

Arvanitis further charged that this anti-administration voting record shows Morse's so-called efforts to locate the NASA site in the Fifth District to be so much shadow boxing and window dressing 'for the folks back home'. 'Morse surely is awar' Arvanitis said, 'that while this Administration

would never play politics with anything as important as the Space Program, his voting record is such that he is in a poor position to seek such a major plum for the District. All things being equal between two given sites, inevitably the nod must go to the site which is located within the District of the Congressman with a voting record which is loyal to the Administration'. 'Morse has no such record'.

'All the letters to NASA Chairman Webb, Arvanitis charged, 'as well as their accompanying press releases are nothing but cynical politicking aimed at lulling the voters into apathy and acquiescence'.

## 'TALK ABOUT TOWN'

(Printed in the Wilmington Methodist, Vol IV, No. 7, December 1890. Editor: Rev. William A. Thurston)

Land values are rising?

Wilmington is to have a town fair and cattle show next year. We hear that Dr. Frances B. Hiller has come to the rescue of the Farmer's Club.

Mrs. Kidder knows how to make a good 'oyster-stew'.

The Wilmington fire department did nobly at the recent fire.

Rats and cockroaches, were on their way to Burlington. Did they get there?

Don't you wish now you had helped at the fire?

Now is the time to buy land in Wilmington.

John Perry still continues business at the old stand. See advertisement.

If the comb factory comes here what will we do for tenements?

Deacon Sheldon has purchased the Wentworth estate on Bow St. and intends to make improvements

There is considerable building going on around town. The demand for tenements in Wilmington is more than the supply.

Mr. John A. Baxter has opened a barber shop in Ames' Building over Hudson's grocery store.

Hugh R. Holmes and family recently of Melrose, Mass. have moved in the new house on the corner of Thurston and Forest Ave.

Mr. George W. Paul's new house on Forest Ave., is nearly completed and he expects to eat his Christmas dinner in the same.

Mr. Fisher, who is building a two story house on Thurston Ave., moved to town a few days ago from Woburn. He will continue his business in Winchester, and live in Wilmington.

A new building is to be erected immediately on Church Street, near Thurston Avenue and will be occupied by E. F. Blank, the popular druggist of Woburn.

It is rumored that the Boston & Maine R.R. authorities intend to erect a round house near the old turn table sufficiently large turn to accommodate twelve engines.

Since our last issue Holt and McIntosh have started a black-

smith and wheelwright shop on Church St. near the depot. See advertisement.

Mr. George A. Parsons & Co. have purchased twenty-three acres of land from Mrs. Harriet Ames, and intend to cut it up into house lots. The land is but two minutes walk from the B. & L. R.R.

What a big 'Pumpkin' that was some one left on the piazza of the parsonage recently? It would be a delight to send the giver a piece of pie. We trust the next pumpkin will be a squash.

Through the persistent efforts of Mrs. Dr. Frances B. Hiller, the cemetery has been greatly improved, and not without considerable expense to herself as well as the town. The wonderful transformation that has taken place during the past year must be appreciated by all who are intded in seeing Wilmington beautified and built up.

If rumors are to be depended upon, Wilmington is to have soon a new Town Hall, not to cost less than \$10,000, and to be the gift of Mrs. Dr. Hiller.

Mr. George A. Parsons moved into town the first of Nov. from the city of Malden. Mr. Parsons is a practical chemist, and intends to build a factory which will give employment to forty or fifty people in the immediate future.

The Wilmington Knights of Labor have just built a building on Church St. near the Congregational Church. Undoubtedly they have not built for the future as the building is not large.

Mrs. Harriet E. Ames and Chas. E. Hudson gave a fine banquet in Ames' Hall, Thursday evening, Nov. 13th. The banquet was in honor of those who assisted at the recent fire which promised such destruction to property in the vicinity of the depot. There were one hundred and fifty men and their wives present, and after the bountiful supper the chairman, Mr. Joe Ames introduced Rev. Elijah Harmon and William A. Thurston as the speakers for the evening. Mr. Benjamin Walker and daughter both of Lowell furnished the musical part of the program.

**Parsonage Notes**  
The pastor and his wife are always glad to welcome friends at the parsonage, especially Monday and Thursday evenings.

The double parlors in the parsonage make it excellently adapted for social gatherings.

The O.C.A. met at the parsonage Wednesday evening, Nov. 12th. The members were nearly all present

and after refreshments the evening was spent in a social manner.

The parsonage was filled with well wishers Monday evening, Nov. 24th, and the occasion proved to be quite a surprize to the pastor. Each person brought a free-will offering as a testimony of esteem and affection to the pastor and his wife. The following programme was prepared by Mrs. Geo. T. Eames and afforded much pleasure during the evening.

1. 'Blessed be the tie that binds'
2. Reading by Miss Florence Folkins. Subject, 'The Pastor's donation'.
3. Solo by Miss Lillian Eames
4. Reading by Mrs. G. T. Eames, 'Reading the Appointments'.
5. Short speeches on the following subjects; 'Women Suffrage' by Geo. W. Paul. 'Temperance' Richard L. Folkins. 'The Epworth League' by the Pastor.
6. Lecture by George W. Paul, illustrated by the stereopticon.

At the close the pastor made a few remarks, closing with prayer. The entire affair was a grand success, and reflected great credit upon the committee who had the matter in charge.

## SUMMARY

The proposed measure provides that henceforth appointments in the executive branch of the government shall not require the advice and consent of the Governor's Council. Exceptions to this provision include appointments to the Youth Service Board, Industrial Accident Board, Commission of the Department of Public Utilities, Parole Board and Appellate Tax Board, which appointments shall continue to require Council action. However, should the Council fail to act upon such appointments within thirty calendar days, then the person involved shall be deemed to have been lawfully appointed. Any appointment in the executive branch by an officer other than the Governor which heretofore required Council approval shall henceforth require approval by the Governor.

Removals from office shall no longer require the advice and consent of the Council, except in the case of the Youth Service Board, which removals must still receive Council approval. As in the case of appointments still requiring Council approval, such recommended removal from the Youth Service Board must be acted upon by the Council within thirty calendar days; otherwise the proposed removal shall become effective as if approval had been given. In the case of any appointment which heretofore required Council approval the Governor may, within fifteen days of the making of the appointment, remove the person appointed without cause.

The Council shall no longer be required to approve the fixing of any compensation for services rendered in the executive department. And henceforth there need be no approval by the Council of actions or agreements by executive officers, including but not limited to borrowings and loans, investments, leases, licenses, purchases and conveyances, and contracts, and also including the promulgation of rules and regulations.

Notwithstanding the foregoing, the Governor shall at all times remain free to seek the advice and consent of the Council upon any matter.

The third person is, of course, Stanley Webber, former Principal Assessor of Wilmington. He pointed out that there was an error in judging the amount of money needed for the Overlay, as it was reported at the time of the annual Town Meeting.

Mr. Webber was right. The Town Crier was about to write an article on the Overlay when his letter came in and said the same thing. The Town Crier agrees, on this point, with Mr Webber and the two previous gentlemen.

But, let's not get nasty.

It would be very easy for someone to get up and say - 'So we made a mistake - an honest mistake!' Graciously given it would probably be graciously received. This has been the experience at least part of the time in the past, and it is to be hoped that it will be the experience in the future.

Manager, and not to wait for it  
to be supplied to them.

Speaking of the Act of the Le-  
gislation, which granted a bate-  
ments to elderly people (and which  
had an important part in the making  
up of the 'overlay' for abatements  
in the 1964 budget) Burt stated that  
this act had been passed in the fall  
of 1963, and that the statement of  
the Finance Committee that it was  
after the Town Manager and Fi-  
nance Committee had made up  
their 1964 budget was therefore  
incorrect.

Both Mr Burt and Niles con-  
tended that the Finance Commit-  
tee should have given an estimate  
of the tax rate, after the annual  
town meeting, and that it should  
also have given one to the voters  
prior to the Special Town Meeting  
In their summation they had  
four suggestions:

1 More accurate estimating of  
income.

2. More accurate information  
on statutory charges.

3 That the Finance Committee  
tell the voters at each Town Meet-  
ing what the effect of each article  
will be on the tax rate, before the  
vote is taken.

4 A better format for the Fi-  
nance Committee's report.

## Other Highlights

Only one selectman was absent  
from the meeting - John Brooks.  
On the other hand only one mem-  
ber of the Finance Committee was  
present, and he for a few moments  
only, in the back of the hall - Fred  
Arsenault.

Chairman Rene LaRivee of the  
Board of Selectmen deplored the  
newspaper publicity the town was  
getting over the tax rate contro-  
versy. He thought it was 'terrible  
the way the newspapers had pub-  
licized the situation' and that an  
outside audit should be conducted,  
letting the 'chips fall where they  
may'.

No statement was made for or  
by the Finance Committee, but the  
statement they read to the Se-  
lectmen about a month ago was  
read by Atty Roland Woods.

Bouchard, in his final summing  
up, reiterated that he was the  
Chief Financial Officer, that he  
did not believe that an outside audit  
was necessary, but that he felt  
perhaps there should be one to  
restore the confidence of the people  
in the financial stability of the  
town.

## WILMINGTON FORD 5 WALTHAM 4

Reggie Chambers tipped in his  
brother Buddy's shot with only 35  
seconds left in the game to give  
Wilmington a 5-4 win over Waltham  
Monday night, at the Frost Arena.

The game was a thriller all the  
way, with Waltham pressing Wil-  
mington all the time. Wilmington  
after giving Waltham a one goal  
lead with 2 men in the penalty box,  
took a 4-1 lead early in the third  
period, only to have the Canadians  
score 3 to tie it up at 4 all. But  
then Bud Chambers let go a hard  
shot which the Waltham goalie,  
Nolan, couldn't control, and Reggie  
tipped it in for the win.

Other Wilmington scorers were  
Damien Hurlburt with 2, Larry  
Tosi with 1, Reggie Chambers with  
2 goals and an assist, and Buddy  
Chambers with 4 assists. Carl  
Backman rode the scoring sheet  
too, with four penalties, a new high  
for Wilmington's bruising defense  
man.

Wilmington Ford now has 2 wins  
and 0 losses in the Merrimac Val-  
ley Hockey league, and is all alone  
in first place. Next week the Lynn-  
field Bruins will tangle with the  
home team, at 9:30 pm Monday in  
the Frost Arena. Two other league  
games will be played earlier, start-  
ing at 7 pm.

The Lynnfield game should be a  
tough one.

## SEACRAFT SKATES NOW HAVE THREE WINS

The Seacraft Hockey Team won  
their third straight game, Tuesday  
night, when they defeated Lawrence  
11 to 1.

Goalie Frank Scott of the Wil-  
mington team played a tremendous  
game, and outstanding players  
Buddy Chambers, 4 goals; Normie  
Carlson, 2; and Cliff Huston, John  
Robbins, Hank Moriarty, Eddie  
Chassien and Reggie Chambers  
scored one apiece.

The team will be playing at the  
Frost Arena at 10:30 pm next  
Tuesday.

(Fr. Front Page)

dents of Wilmington could play tennis in the evening hours.

Somewhere, Bender said, those plans were gathering dust. He proposed, as he seconded the motion of John Brooks, that the plans for the tennis court lighting should be resurrected and put to good use.

Mr. Brooks motion, seconded and amended slightly by Mr Bender was unanimously accepted by the board.

**Boston Naval Shipyard**

The Selectmen read letters from Senators Saltonstall and Kennedy assuring the board that the two men would do all in their powers to keep the Boston Naval Shipyard in operation.

**The Galvin Barn**

A letter from the Tom Galvins of Chestnut Street told the Board that they wished to destroy their old barn, but that because of the prolonged drought, and subsequent additional costs after their well went dry, they could not afford to do so.

The Building Inspector has condemned the building as a hazard.

The Selectmen agreed that the situation was a dangerous one and began to consider having it burned down by the Fire Department, until Selectman Black began to check on the laws, and found, as he suspected, that there would have to be a \$25 charge for opening the fire hydrant.

This put a different aspect on the situation, as no one knew who would pay for the \$25. The board agreed to have the Town Manager do some investigating.

**I was in the Infantry**

Selectman Lloyd Bander took a moment to tell the other Selectmen that there was evidently some confusion on the part of some people concerning himself and Atty James Banda, who lives a few doors from Bender.

Mr. Banda is the Veteran's Officer for Wilmington, and Mr. Bender said he was receiving mail addressed to himself, concerning veteran's affairs.

Bender, the Selectman, lives at 455 Salem Street, and Banda, the Veteran's Agent, lives on Marie Drive, both in North Wilmington.

'I was in the Infantry' and Bender was in the Infantry, and Banda in the Armored Infantry, Bender joked, as though that could

help to clarify matters.

**Package Stores**

The board voted to allow the package stores of Wilmington to remain open next Tuesday, during the national elections. Selectman Black observed that there had never been any trouble with package stores in Wilmington.

**Personnel Regulations**

The preliminary draft of the Personnel Regulations has been completed, and was reviewed in some detail in Monday night's meeting (and continued on to a special meeting Tuesday night).

Chairman Rene LaRivee wanted to discuss the regulations in executive session, as he believed there may be some mentioning of names.

Selectman Bender stated that the meetings should be open to the public, for those who wished to attend, and if there were delicate matters to be discussed they could be taken up at some later date.

Selectman Brooks said he had a 'small' file on the subject, and then raised his hand over his head to indicate how 'small' the file was.

**Finance Committee**

Nothing was said in the Selectmen's meeting concerning the controversy over the tax rate figures, but a copy of a letter written by the chairman of the Finance Committee was read.

The letter led to a possible conclusion that the Finance Committee was 'investigating' Mr. Webber, the former Principal Assessor. It was Mr. Webber who wrote the letter which appeared in the Town Crier a couple of weeks ago listing the errors in the Finance Committee computations.

Mr Barry's letter, as read, was xxxxxxxxxxxxxxxx20 October 1964 Mr Frederic Grimes Mr Robert Peters, Town Accountant Town Hall, Wilmington, Mass

**Gentlemen:**

Would you, at your earliest convenience, examine all necessary records for the years 1962 and 1963 in order to determine the following.

1. In the year 1963, was there any variation between the total valuation reported in the Assessors final recapitulation sheet and the work sheet submitted to the Department of Corporations and Taxation for approval of the tax rate?

2. Did the Town of Wilmington actually incur no liability as the 'Prior Years Legal Settlement' account for 1963, as the Assessors Recapitulation sheet would indicate?

3. It would appear that the 1962 Assessors Recapitulation sheet did not provide for approximately \$75,000 which was appropriated at the prior Special Town Meeting. Is this so?

Information in answer to these questions would be appreciated by the Finance Committee.

Very truly yours

Richard V Barry, Chairman  
Wilmington Finance Committee  
cc: Chairman, Bd of Selectmen  
Town Manager

## DRACUT GAME SATURDAY WILL BE TOPS

Wilmington's High School foot ball team will probably face its toughest opponent of the year Saturday afternoon, on the home field. Dracut, co-captained by Don Gayers and Dennis Quebec, is always a tough opponent. This year it has defeated Chelmsford, the only defeat for that team, and the only team which has defeated Wilmington.

The Wilmington eleven took over the head position in the Lowell Suburban Conference, last week when it defeated North Andover handily, 36 to 12. As a result the local team is in fine fettle for Saturday's game.

Co-Capt Jim Newhouse scored three touchdowns. Quarterback Billy Ritchie connected for three touchdown passes and for three conversion passes, and Lynn Billings, who caught two conversion passes, set a new record for points after, (16) in any season.

Added to this is the heavily accented tackling of Dick Page, plus a lot of willing spirit on the part of men of lesser physical weight, and Wilmington has a surprisingly good team this year.

NEWHOUSE MAKES HIS FIRST TD of the game against North Andover. He scored three times, and has now scored nine times in three games.

BILLINGS SCORES THE CONVERSION: After Newhouses first TD

SIMARD MAKES AN EXTRA POINT: The fleet end enjoyed it, too.

## LITTLE LEAGUE SPONSOR'S TROPHIES

JOE GRAY AND MINOR LEAGUE TROPHY: Joe Gray of Eames Street hopes that this will not be the only time he accepts a trophy as the sponsor of a league champion Little League team. Mr. Gray sponsored the Red Legs, of the Minor Leagues.

L to R: President Jim Tildesley, Toastmaster Ed Sullivan, Joe Gray and Chief Umpire Joe Paglia.

Many is the tale that has been told in Wilmington of Mrs. Dr. Frances Hiller, the bizarre 'Coffin Lady' of the nineteenth century.

A Doctor of Medicine, married to a Doctor of Medicine, she was the talk of Massachusetts for a period of over 30 years, until just after the turn of the century, when she died - and even then she provided table and barroom conversa-

tion for another decade. Mrs. Hiller, on March 15, 1893

## FROM HENRY HILLER'S POKER PARTIES?

'BEDELL BROTHERS URBAN RENEWAL' Turns up an unexpected treasure trove.

Bryant Bedell, Bennett Bedell, Paul Butt and William Butt examine some old bottles, found in the eaves of the old building which is being extensively renovated. The bottles were found yesterday morning.

married her coachman, Henry Surrette, whose name had been changed to that of her late husband Dr. Henry Hiller.

The wedding was reported in all the papers of the United States, and afterwards Mrs. Hiller took her new husband, who was a 19 year old boy (she was either 43 or 53), for a three year cruise around the world, including a 3 month sojourn in the Rocky Mountains, near Denver.

Henry, who was almost illiterate had his occupation changed, by reason of his marriage, from Coachman to Gentleman, and one of the ambitions of the Casket Lady was to send her new husband to Harvard University, on their return from their three year honeymoon. She never did.

But she did set up Henry in a business that would be befitting to his new position as Gentleman. She built an office for him, adjacent to their Main Street home. The building later became the US Postoffice, and is today the office of the Bedell Brothers Insurance Company.

Henry Hiller was supposed to use this office for his Real Estate business, into which Mrs. Hiller had established him. The down stairs was quite an ornate office, with ante-rooms and conference rooms, such as would be needed by an up and coming Real Estate Conveyancer.

The upstairs was not finished. It was not needed for Henry's bus-

iness. It was the upstairs that Henry used. He would invite in his pals, and they would sit up all night, in the upstairs of the office building, playing poker.

Yesterday morning, while Messrs. William and Paul Butt were remodeling the old building they discovered some old, dusty whiskey bottles, up under the eaves of the building.

It is quite possible that those bottles are 'dead soldiers' from the time of the Spanish American War - left there by Henry Hiller and his pals.

### ATTENDED NURSERY EDUCATION CONFERENCE

On Saturday October 17th the teachers from the Brookside Kindergarten attended the Fall Conference of the Boston Association for Nursery Education, at the Framingham State College.

The theme 'Dedicated to Children' was carried throughout the program with guest speaker Dr. Alice V. Keiffer, who expressed concern over the many pressures exerted by parents, in an attempt to hasten maturity of the child.

Many other leaders in the field of Early Childhood Education spoke on appropriate learning experiences for the pre-school child. The teachers at Brookside were very proud to have selected for exhibition photographs of their kindergarten. They found the entire day to be most rewarding and informative.
